### [ Deposit Safes with deposit drawer ]

### [ Types AGDF/AGDR ]

Deposit Safes with deposit drawer offers a simple and secure solution for depositing of daily cash, money bags and other values. Its use is ideal for gas stations, restaurants and other retail environments where the protection of daily cash collection from robbery is required. The deposit drawer is specifically designed and tested against attacks, fishing and the recovery of deposits.

- Drop-in goods are deposited through a lockable deposit drawer into the safe.
- A security anti-fishing device prevents the later removal of the deposited items.
- The deposited items can only be removed by the manager of the safe.

### [ Product information - collection safe ]

Hinge	DIN right
Door opening angle	180°
Body	double-walled, filled with high resistant barrier material
Door structure	triple-walled, filled with high resistant barrier material, internal boltwork protected by sheets of hardened steel to give extra anti-drill resistance
Locking mechanism	three-way moving boltwork with large steel bolts protected by additional emergency re-lockers, continuous fixed full height bolt on the hinge side
